

# PREMIUM WAX/RESIN RIBBON

## Thermal Transfer Ribbon

M860 is a special wax/resin ribbon, it coated by many kinds of resin and wax material, with high print definition, high darkness, good scratch resistance and high applicability.

### APPLICATIONS

RETAIL LABELS  
SHIPPING LABELS  
MEDICAL DEVICE LABELS  
BUILDING MATERIAL LABELS

### TECHNICAL CHARACTERISTICS

- Strong applicability
- High definition
- Low noise
- Excellent scratch resistance

### TECHNICAL SPECIFICATIONS

### RIBBON PROPERTIES

Ink	Wax/Resin
Color	Black
Base Film Thickness	4.5 ± 0.3
Total Thickness	7.2 ± 0.5
Ink melting point	72°C
Printing speed	2-10IPS

### CERTIFICATIONS

ROHS2.0

REACH

ISO9001/14001

MSDS

HALOGEN

HALOGEN

### RECOMMENDED SUBSTRATES

#### PAPER

Coated paper  
Uncoated paper  
Coated tag  
Uncoated tag  
Art paper  
Rough paper

#### ECONOMY SYNTHETICS

Polyethylene  
Polyolefin  
Polypropylene  
Polystyrene  
Any Other Synthetic Papers

### STORAGE CONDITIONS

- 12 months recommended
- 20-85% Relative Humidity
- -5-40°C temperature
